

# Bringing Women Together Mentorship Application Form

## Winter Cohort: October 2018 – March 2019

The BWT Mentorship program was created to connect BWT members with individuals from other companies in the BWT network. Our vision is to bring cross-organizational networking for personal and professional development.

By applying to the program, you will be committing to:

- Participating in a Kick-Off event at the beginning of the program
- Maintaining a mentorship relationship for 6 months
- Meeting with mentor/mentee at least once per month for one hour
- Completing feedback survey in the middle and at the end of the program

Mentoring is defined as a developmental relationship in which a mentor provides professional and personal support and guidance to a mentee. Mentors will give mentees an opportunity to discuss challenges, analyze and learn in a collaborative, constructive and confidential environment. They will provide the perspective necessary for success while strengthening their leadership skills as they coach, motivate and empower mentees.

Mentees will benefit from their mentors' shared experiences and guidance, as they explore defined goals.
